Your 0809 para B.

- A. We do not entirely agree.
- B. In case of 7482 and wife we made special arrangements but consider this would be undesirable in case of 4370 who is well-known here.
- C. Added complication is presence here of 4370's wife.
- D. 7484 cannot himself make all necessary arrangements. In case of 7482 and wife I made arrangements for passports, visas etc. direct with 4378 who has to be brought in. 7480 will explain.
- E. In all other secondary cases consider this route safest but in view of special circumstances suggest you send 4370 direct.
